

String Common Questions

Easy Problems

1. Palindrome Check
 2. Reverse a String
 3. Reverse Words
 4. Check for Rotation
 5. First Non Repeating
 6. Roman to Integer
 7. Implement Atoi
 8. Encrypt the String – II
 9. Equal Point in Brackets
 10. Anagram Checking
 11. Panagram Checking
 12. Validate IP Address
 13. Add Binary Strings
-

Medium Problems

1. Integer to Words
2. Fizz Buzz
3. Palindromic Sentence Check
4. Isomorphic Strings

5. Check for k-anagram
 6. Equal 0,1, and 2
 7. Find and replace in String
 8. Look and say Pattern
 9. Minimum repetitions to make Substring
 10. Excel Sheet – I
 11. Find the N-th character
 12. Next Palindromic Number with same digits
 13. Length of longest prefix suffix
 14. Longest K unique characters substring
 15. Smallest window containing all
 16. Longest substring without repeating characters
 17. Substrings of length k with k-1 distinct elements
 18. Count number of substrings
 19. Interleaved Strings
 20. Print Anagrams together
 21. Rank the permutation
 22. A Special Keyboard
 23. Sum of two large numbers
-

Hard Problems

1. Repeatedly Remove Duplicates
2. Multiply Two Strings
3. Search Pattern (KMP-Algorithm)
4. Search Pattern (Rabin-Karp Algorithm)
5. Shortest Common Supersequence
6. Longest substring to form a Palindrome
7. Longest Valid Parenthesis
8. Longest Palindromic Subsequence
9. Distinct Palindromic Substrings
10. Palindrome Substring Queries
11. Number of Distinct Subsequences
12. Minimum Deletions for Palindrome
13. Minimum Insertions for Palindrome
14. Max Non-Overlapping Odd Palindrome Sum
